

# HILLPRO

HillPro is a Woman Owned, Economically Disadvantaged, Small Business located in Huntsville Alabama. HillPro specializes in the distribution of standard, Mil Spec, and specialty hardware, as well as, electronic components for Commercial and Military applications. Our core competency is in the areas of Mil Spec and build to print components, rotary and fixed wing aircraft, avionics, ground support tooling and short run, expedited deliveries. JIT/VMI programs are available, as well as, AOG services, custom kitting and bar coding. HillPro recognizes the importance of customer service and how it influences our customer's business. We work diligently to improve supply chain operations, decrease customer inventory levels and reduce transaction and operating costs. With over 50 years of combined experience our product knowledge and dedication to customer service is unrivaled.
